Over the next three years, Americans for the Arts will engage thousands of stakeholders, citizens, partners, and decision-makers in communities large and small across the United States. **Transforming America's Communities through the Arts** is our three-year, multi-tiered exploration of what the arts mean in today's America and world. Our goal: to increase public understanding of the multiple values of the arts in America and to learn from and educate critical stakeholders on the role, the funding, and the sustainability of the arts at the local, state, and national levels for the 21st century.

We want your help in Transforming America's Communities Through the Arts.
